CAREER OBJECTIVE

Highly motivated and detail-oriented Full Stack Web Developer with a strong foundation in the Laravel and Vue.js ecosystem. Proven experience in designing and implementing scalable, high-performance web solutions, ranging from AI-integrated e-commerce platforms to complex management systems. Proficient in architecting robust backends with PHP and MySQL while ensuring seamless frontend integration. Passionate about writing clean, maintainable code and optimizing database performance. Seeking a challenging role in a forward-thinking organization where I can leverage my expertise in modern web frameworks to drive innovation and contribute to high-impact projects.
