CAREER OBJECTIVE

Results-driven Full Stack Web Developer with hands-on experience building scalable web applications using Laravel, Vue.js, PHP, MySQL, JavaScript, and Tailwind CSS. Skilled in developing secure REST APIs, responsive user interfaces, and optimized database solutions. Experienced in delivering real-world freelance projects and developing AI-powered e-commerce, inventory management, and content management systems. Passionate about clean code, problem-solving, and continuously learning modern web technologies while contributing to high-quality software products.

PROFESSIONAL EXPERIENCE

Intern | Full Stack Web Developer

Robo Tech Valley | February 2026 - April 2026

- Assisted in developing Laravel and Vue.js web applications.
- Worked on REST API integration and database design.
- Built responsive frontend components using Tailwind CSS.
- Used Git and GitHub for version control and team collaboration.
- Tested, debugged, and optimized application performance.

Freelance WordPress Developer

Self-Employed | 2024 - Present

- Developed responsive WordPress websites for clients across multiple industries.
- Improved website performance through image optimization, caching, and code optimization.
- Enhanced website security by mitigating 15+ vulnerabilities and implementing robust protection measures.
- Managed website deployment, updates, and ongoing maintenance.
